Dear Parent

Due to the Protection of Personal Information Act (POPIA), the school is required to upload your child's biographical information onto the Johannesburg Primary Schools Football Associates (JPSFA) member's website in digital format. This is to ensure that personal information does not have to leave the school's property to be taken along to events, where it is at risk of getting lost during transport or misplaced at events.

This information is used to identify your child within the associations for the festival, Discovery Knockout cup as well as the Bill Stewart tournament, and to ensure that they play within the correct age group.

Biographical information such as birth certificates, photos, school confirmation letter and consent forms are stored in a secure location on the website, viewable and accessible only to the administrators of the website, namely the JPSFA secretary and the website administrator.

The only information that will be visible to any other users of the site is your child's **name, surname, photograph, and year of birth**. This limited information will also only be visible to the authorised representative from your child's school, and no other school or user will have access to it.

Kindly indicate below if you hereby grant permission to allow this information to be provided to the JPSFA for registration purposes for as long as your child is in primary school. Please note that if you do not provide the information required, your child will not be able to participate in any of the above-mentioned events hosted by the association.
